Celebration OF GRASSROOTS ORGANIZING IN BOSTON

Formerly known as the Lobster Feed, the Celebration is an expression of **increased impact through collaborative fundraising**. 14 partner organizations work together on the frontlines of movements for justice and liberation in Boston and collaboratively plan the Celebration as a chance to uplift this collective work. Thank you for being part of our most successful fundraiser so far - we invite you to continue building community with us into the future. After all, the resistance to injustice is growing, and the vision of a just and equitable Boston is on the horizon.

Our 10th Anniversary Celebration is next year. Look out for our biggest party yet!
